

## **GRAB BAG OF SOUTH DAKOTA CAREER ACTIVITIES**

### **High School Duffel Bag of Career Lessons**

This collection of career lesson plans has been developed with you, the classroom instructor, in mind. The lessons provide a “mixed bag” of activities for you to select from, depending on the needs of your classroom. Developed by South Dakota high school counselors, the lessons are clear, easy to follow, and have handouts that may be duplicated for your students. Each lesson has been “crosswalked” to employability skills, career development standards, and the academic content standards. In addition, a bank of scoring rubrics has been added for easy in assessing student activities. All needed materials are listed, as well as recommended grade levels for each lesson. A step-by-step procedure is also provided. By assembling all of these components, you have a duffel bag of lessons to equip you with everything you'll need to provide opportunities for your students to imagine, explore, and experience the world of careers and life skills.

### **WRITING TEAM**

A special thank you to our writing team! They devoted many, many hours to writing, assembling, and editing this backpack collection.

Bev Maples – Sturgis School District  
Coleen Keffler – Sturgis School District  
Beth Duerre – Northwestern School District  
Shelly Gauer – Watertown School District  
Dave Krull – Corsica School District

### **EDITING TEAM**

Special thanks also to Tarra Stoesser, Bonita Russell, and Laurie Hildebrand, as well as the Aberdeen Department of Labor staff for their assistance in keyboarding and designing the lesson plan formats.

### **PROJECT SPONSORS**

SD Department of Education and Cultural Affairs, Division of Workforce and Career Preparation – SD Department of Labor – SD Tech Prep
